temperature and pressure equipment . Predictive and corrective preventive maintenance of diesel power generation probe .

( Téc. Specializing in other models of diesel engines . )

Attending : " MS - Supervisor of maritime and offshore maintenance "

Offshore and Onshore Experience and Naval

### QUALIFICATIONS

- Salvage - Basic Safety Training Platform - CBSP and cess - rescue boat and balieira
  - Huet - Training Helicopter Underwater Escape
    - Fire Fighting
    - NR13 - BOILER
    - Explosive atmosphere
    - Confined Space
  - CACI - Advanced Fire Fighting
  - Procedure for Working at Height
    - Turner Mechanic
    - Technical
    - Mount Bearing SKF
    - Moving loads
  - Hydraulics and Pneumatics
  - Working with Cranes , Hoists and Gantries
    - Mechanical Maintenance SENAI
    - Machine Tool
    - Radio Protection
    - English English Culture
    - Industrial Automation
  - Educational Leadership and Procedures Group

Specialization engines : stx Man , Wartsila , Caterpillar

Ship with Drilling Rigs Sixth Generation

Specialisation : Thrusters azimuthal variation with fixed and dynamic variable pass pass diesel driven by motors and hydraulic pump

Manufacturers - Voith , Wärtsilä , Kawasaki .

Implemented in Ships probes Submersible Drilling Platforms
